July 1, 2008

Robert Cullins, Chairman of Distillerie Stock U.S.A. Ltd., is pleased to announce that Gemini Spirits & Wine will be the U.S. Distributor for GranGala, Limoncé, Stock Vermouths and Stock 84 Brandy, effective September 1, 2008.

"Since the formation of Stock Spirits Group and acquisition of Distillerie Stock U.S.A. Ltd., in 2007, we have been exploring ways to accelerate the growth of our brands in the United States," said Cullins. "We believe this new partnership with Gemini Spirits & Wine will allow GranGala to further capitalize on the excellent growth rates seen in the past several years, which has made it one of the fastest growing imported liqueurs in the market. We further believe that Limoncé can increase its share of the vibrant Limoncello market, and we will be exploring ways with Gemini to increase the distribution and sales of Stock Vermouth and Stock 84 Brandy."

With transfer of the distribution rights scheduled to occur this September, the Gemini team will be contacting distributors in the immediate future to discuss marketing and distribution plans for the brands.

"This has already been a very exciting year for the growth of Gemini Spirits & Wine, as one of the fastest growing builders of developmental brands in the United States market," said Ken Kwarta, General Manager of Gemini Spirits & Wine. "The addition of these brands complement our current portfolio of spirit & wine brands, and we firmly believe that Gran Gala and other Stock brands have excellent growth potential in the U.S."

Stock Spirits Group (SSG), the world's newest international spirits company, was established in 2007. Created with the financial backing of Oaktree Capital Management, the Group brings together some of Europe's foremost producers of spirits and liqueurs. SSG has operating companies in the United States, Italy, Poland, Austria, and the Czech Republic. Additionally the Group has representative offices in London, Singapore and New York City.
